## North Torrance Water Election Set For Nov 19; All Protests Denied

Denying all protests at the hearing held Tuesday evening at the Council Chambers, the Torrance City Council unanimously passed an ordinance calling for a vote November 19 on the formation of Municipal Water District No. 2. The proposed new water district will supply all North Torrance with water.

Bonded indebtedness to be voted upon by the new district will be \$174,000, sufficient to meet all necessary costs, according to Taylor & Taylor, consulting engineers engaged by the City. It is estimated that construction and acquisition costs will be approximately \$17,000. The district has an assessed valuation of \$698,000.

### Protests Heard

Prior to the action of the City Council calling the election, a number of written and oral protests were submitted, practically all of which were from property owners now served by the Moneta Water Company within the area east of Crenshaw Blvd. and north of 190th street.

A letter from the Farmers & Merchants Bank of Los Angeles stating it was trustee for 80 acres on 190th st. between Arlington and Crenshaw protested inclusion of this property in the proposed water district. The land, according to the bank's letter, was leased for agricultural purposes and residential development is not contemplated. The water proposed by the Moneta Water Co. is sufficient, it claimed. R. W. Bennett of the R. A. Rowan & Co., agents for the property, also addressed the council in support of the bank's written protest.

Another written protest signed by 32 property owners, claiming ownership of from one-half acre to 15 acres each, lying East of Crenshaw and North of 190th street, protested being included in the district on the grounds that: (1) the public interest does not require such indebtedness; (2) that portion of the district in which their properties are located is already amply supplied with water; (3) it will mean additional taxation without benefit; and (4) elimination of this portion of the proposed district would not conflict with the remaining part of the district. The protestants are reported to represent over

90 per cent of the voters in the area East of Crenshaw and North of 190th st. Judge Frank Carrell, appearing for a client, claimed that the Moneta Water Company, of which he is a director, is ready to serve the area between 174th st. and 190th st. east of Crenshaw.

### Long Range Program

At this point in the hearing, Mayor J. Hugh Sherfy, Jr., called on Arthur Taylor of the consulting engineering firm of Taylor & Taylor to make his sworn statement. Taylor pointed out that the General Petroleum Corporation had made no protest although one-quarter mile of its valuable holdings west of Crenshaw Blvd. is included in the assessment district. He pleaded for support by others in the long-range all-over development program, asking, "Is the F.H.A. going to approve an area without an outside water source?"

Emphasizing that the west coastal basin is now being overdrilled by 50 per cent, Taylor pointed out the need for imported water, such as is provided from the Colorado river by the Metropolitan Water District. The cost to the property owner is about \$75 per acre at 3 per cent interest or a little over \$3 per acre per year. This is cheap insurance against drought, Taylor stated.

E. W. Blackwood also spoke in support of the improvement, stating he already had a water supply, and could ask to be excluded on the same grounds as others. "I got water, but I want some more," said Blackwood.

L. F. Stephenson, secretary of the Moneta Water Company for 40 years, stated that his company was obligated to serve any area in its district which is ready for water. A major portion of the Moneta Water Company district is also included in the Metropolitan Water District. Stephenson stated, so the 'bogies' of not being able to get outside water, if needed, doesn't bother us much, he said.

Others who spoke in protest included C. Gus Pursche, former Gardena city councilman and owner of acreage at 164th and Arlington; Wesley Graham, and John Salm. The new district will include all area from a point 1320 feet south of 190th st. north to the city line, between the east city line and Hawthorne Blvd., excepting the area included in Acquisition and Improvement District No. 124 served by the Moneta Water Co. A main will be constructed from 190th st. and Crenshaw Blvd. west to Hawthorne Blvd., and laterals will be constructed at one-half mile intervals, under plans prepared by the engineers, Taylor & Taylor. Such present wells as are serviceable will be acquired by the new district, it is proposed, but the principal supply for the whole area will be through the Metropolitan water connections. Service lines to individual consumers or parts of the district within the half-mile laterals will

## Weaver H. Jones In Congress Race Against Rep. King

Weaver H. Jones, machinist at the General Petroleum plant, this week threw his hat into the ring as a Republican write-in candidate for Congress in the 17th district against incumbent Cecil R. King.

Candidate Jones has resided at 1318 W. 221st st., near Torrance, for the past two years. Pointing to his experience in helping to carry North Carolina for Herbert Hoover in 1928, Jones maintained that "There is more opportunity of carrying the 17th district in three weeks than there was of splitting the South in three years."

Emphasizing that he was "from the Bible belt of the South" (born in Florida, grew up in Georgia) Jones announced his campaign would consist chiefly of contacting all ministers in the district.

Calling the incumbent Congressman, "one of the New Dealers who had helped get the country into its present mess," Jones maintained that "every citizen has a Christian duty to vote every New Dealer out of Congress."

Prior to coming to Torrance, Jones was associate editor of the Wilmington, Del. Suburban News. With his oldest son, Lon, he edited a column entitled, "The Young Workman," which included mechanical tips.

### RETURNS FROM V. N. A. CONVENTION

Mary Umber, of 1327 Fern av., has returned from Atlantic City where she attended a convention of the Visiting Nurses' Association. En route home from her three week's trip she visited Pike's Peak and other points of interest.

While the Moneta Water Company entered no formal protest against inclusion of its district within the new municipal water district, it was indicated by 3 directors of the Moneta Water Company, present at the hearing, that efforts would be made to defeat the bond election.

### TAFT VISITORS ARE WIDELY ENTERTAINED

Mr. and Mrs. J. C. Colman, of Taft, who have been visiting here at the home of her son-in-law and daughter, Mr. and Mrs. Max Smart and with her brother-in-law and sister, Mr. and Mrs. Percy W. Smith, have been the incentive for many enjoyable parties. Including a luncheon at Sandpiper's Cafe in Laguna Beach enjoyed by the guests and Norman Smith, Percy W. Smith, and others.

Leaving for Oceanside the next day included the same group and Messrs. and Mrs. Max Smart, of Inglewood and Max Smart.

### \$1500 FOR PAVING OF PLAZA DEL AMO VOTED BY COUNCIL

Appropriation of \$1500 to defray the cost of materials for resurfacing work on Plaza del Amo, was voted at Tuesday night's meeting of Torrance City Council at the request of City Engineer Glen Jain.

Plans for the resurfacing and widening, including measures to prevent flooding of Torrance elementary school grounds in wet weather, have already reached the action stage with removal of trees and preliminary grading.

E. M. Bryant, Torrance army recruiting officer, announced the Army encourages individual and team sports and athletics.

### BIG POLICE SHOW

The Tenth Annual Torrance Police and Firemen's Benefit Show this year promises to surpass anything yet produced in Torrance. Tickets may be obtained from police officers and firemen at \$1.80 each. The big event will be presented in the Torrance high school auditorium Friday, Nov. 1, at 8 p.m.

**What to do when the Butcher says, "NO!"**

**MEAT MARKET**  
NO MEAT TODAY

Meat's being mean, madam. He just can't sell you what he hasn't got, and he dislikes it as much as you do. Don't despair, though. There's still a way to keep that hungry family happy . . . and well-nourished, too.

Golden State Cottage Cheese to the rescue! Why maybe you'll end up being a little glad of the shortage that led you to learn an important nutrition fact! This delicious dairy product is chock-full of hearty food value.

Yes, mild Golden State Cottage Cheese has plenty of protein . . . the complete protein that builds tissue. And it gives you many other precious nutrients. 'Tisn't just a "substitute"—it's a meal-time star!

And delicious! Golden State Cottage Cheese is delightful . . . tender, smooth textured, delicate in flavor. That's why it's so good by itself . . . in a salad . . . or as a cookery ingredient to save many a meatless day.

**A wonderful main dish for a meatless meal COTTAGE CHEESE-NUT LOAF**  
By Barbara Tate

Hearty enough to make a man happy, tasteful enough to bedeck a banquet board. And it's just one of the many ways in which Golden State Cottage Cheese serves well in modern cookery.

2 cups Golden State Cottage Cheese  
1 cup cracker crumbs  
2 eggs, beaten  
1/2 cup tomato juice  
2 tbsp. lemon juice

2 cups chopped walnuts  
1 tsp. salt  
1/2 tsp. onion juice  
1/4 tsp. pepper

1. Make loaf by mixing ingredients together.  
2. Bake in buttered loaf pan in hot oven (350° F.) 35 minutes. Serve with hard cooked egg, broiled tomatoes, and garnish with parsley. Eight servings.

There's plenty of good Golden State Cottage Cheese to be had right now. Get it at the grocery store—or have your Golden State milkman deliver it.
